

## String Along

String along, string along with me.  
Wont you say you love me and string along with me?  
Oh my darlin', how I've tried,  
Just to have you by my side.

Wont you say you love me and string along with me?

Ooooo tenor: (I've never had a sweetheart,

I've never had a home,

But I was born to love you

Wherever I may roam.

Life's a stormy highway

When you're travelin' all alone.)

Say you're goin my way and be my very own.

String along with me. Wont you say you love me

And string along with me?

Oh my darlin', how I've ~~tried~~, cried.

Just to have you by my side.

Wont you say you love me and string along,

String along with me?
